CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Presentation Regarding City's Internet Website Policy (ISD)

MEETING DATE: July 17, 2007

PREPARED BY: Deputy City Manager

RECOMMENDED ACTION: Comment on the proposed City of Lodi Internet Website Policies document.

BACKGROUND INFORMATION: The City has maintained one or more Internet Websites for the past 11 years, including www.lodi.gov, www.hutchinsstreetsquare.com, and www.lodielectric.com. All of these sites are "owned" by the City of Lodi, which is ultimately responsible for their content. The central purpose of these Websites is to "advance the public's health, safety and welfare by providing information for and interacting with Lodi residents, businesses, and visitors."

The City's Websites have become popular venues for obtaining documents, downloading official forms, viewing the City Council meeting Webcasts, previewing meeting agendas and minutes, accessing resources such as Mapguide and public documents, viewing current job openings, accessing the Municipal Code, and obtaining election information. The sites have also become valuable marketing tools in the City's efforts to promote tourism and economic development.

The City's homepage receives an average of 2,000 unique visits per day.

Lodi's Electric Utility and Community Center (Hutchins Street Square) also maintain individual Websites. The public may browse current events, purchase performance tickets, get electric rate information, and report a problem with a street light, among other things, at these sites.

Over the years the City has not had an official Website policy in place, but has instead made decisions concerning its Internet properties on an ad hoc basis. Staff believes the City needs to formalize and post the policies governing its Websites. The proposed policy document includes Disclosure, Privacy, External Link, and Calendar policies in addition to a "legal notice." It is the intent of staff to post the City's Internet Website policies on the various City Websites, once approved by Council.

The City regularly receives requests from third parties to include hyperlinks to external Websites. In the past the City has largely declined such requests on the premise that the City cannot control the content of these sites. In addition, should it begin the practice, the City might not be able to refuse links it deems inappropriate. Featuring an external link may also imply approval, endorsement or sponsorship of that site, which would be unintentional but unavoidable. Managing these links would also contribute to the ongoing burden of site maintenance.

Accordingly, staff is recommending that the City on July 18, 2007 adopt a no-link policy affecting all commercial and non-profit sites, with the exception of those that provide software to make the Website more accessible and functional to visitors. Links to governmental sites and city-funded entities that

provide services on the city's behalf, such as the Lodi Conference and Visitors Bureau, would be permitted.

California cities have myriad Website policies. Some cities allow limited links, such as those permitted in the proposed policy. Others provide links through paid sponsorships, and some cities have less-restrictive policies that allow links to private utilities, museums and nonprofits.

FISCAL IMPACT: None.
